OBJECTIVE

Energetic and dedicated sophomore year B.Tech student at VITAP University Seeking a challenging internship position in the field of computer science and engineering where I can leverage and enhance my technical skills while contributing effectively to a dynamic team. I am committed to continuous learning and thrive in fast-paced environment. My goal is to apply my knowledge and problem-solving abilities to tackle real-world challenges, while also fostering a collaborative and innovative work culture.

EDUCATION

BTech - Computer Science and Engineering, Vellore Institute of Technology - Amaravathi 2022 - 2026
CGPA:8.73

Intermediate, Sri Chaitanya Junior College 2020 - 2022
Percentage:94.1

SKILLS

Technical Skills	Python, Django, Java, HTML, CSS, JavaScript, React, Bootstrap, Tailwind CSS, NodeJs, Tensorflow.js
Databases	SQL
Development Tools	Git, GitHub, Figma, VSCode
Soft Skills	Communication, Team Collaboration, Adaptability, Critical Thinking, Problem Solving
Presentation Skills	Dynamic Communication Delivery, Persuasive Speaking, Impactful Presentation Skills

PROJECTS

Limit Limit is a comprehensive to-do app built with React, featuring Upcoming, Ongoing, and Completed sections for task management. It offers smooth transitions, reminders, task categorization, and collaboration capabilities to streamline productivity and organization.

Weather App A web application that fetches real-time weather data from an API based on the user's current location determined by geolocation. The retrieved data, including temperature, humidity, and wind speed, is dynamically rendered on the page.

Voice Powered Budget Tracker Developed a voice-powered budget tracking application using React, allowing users to manage their finances hands-free. Utilized speech recognition technology to enable users to add expenses, set budgets, and view summaries effortlessly.

EXTRA-CURRICULAR ACTIVITIES

- **Completed the J.P. Morgan Software Engineering Virtual Experience on Forage in March 2024**
 - Set up a local dev environment by downloading the necessary files, tools, and dependencies.
 - Used JPMorgan Chase's open-source library called Perspective to generate a live graph that displays a data feed in a clear and visually appealing way for traders to monitor.
- **Web Wizards Co-Lead at Innovators Quest** *VIT-AP*
 - Engagement in a club led to my current position.
 - Engaged in club projects and initiatives.
